Fire Stop Systems, LLC.

4173 Arnold Avenue

Naples, Florida, 34104

Re: Letter of Recommendation

To Whom it may concern,

As a Project Manager on multiple projects out here at Lakeland Regional Health. I can highly recommend Fire Stop Systems, LLC. Their quality of work is exceptional. They have a great attention to detail and promptly respond to any and all inquiries I have. Working inside a Hospital comes with its own challenges with respect to not interfering with patient care, and hospital operations and Fire Stop Systems is a trusted subcontractor that we trust to do all our work inside the hospital.

All of the work crews are professional and do a great job setting up containment and after the work is finished, they do a great job with clean-up. I have been very happy with Fire Stop Systems, LLC on the recent LRH Pharmacy Project Phase 1, 2, & 3 and the LRH Physicians Lounge and Locker Room Project Phase 1 & 2. I have been working with Fire Stop on projects inside LRH for the past 6 ½ years.

If you need any additional information regarding their performance, please feel free to call me at 727-482-7858.

Sincerely,
